Is pleased to invite you to the book launch of Dr. Todd Weiler’s:

The Interpretation of International Investment Law

Equality, Discrimination and Minimum Standards of Treatment in Historical Context

Moderated by Prof. Frederic Sourgens

Dr. Weiler uses historical analysis to challenge some of the traditional approaches to trade and investment obligations governing discrimination and the minimum standard of treatment. In this presentation Dr. Weiler will explain his approach, followed by a discussion led by Professor Sourgens on whether a new approach to longstanding obligations is warranted and what that would look like. Participants are encouraged to join this discussion and share their views. Copies of The Interpretation of International Investment Law will be available for purchase from the author.

WHEN:
February 27, 2014, 3:00-5:00 pm

WHERE:
ICSID Offices at 701 18th Street NW, 2nd Floor, Washington, DC, 20433
