IX. TRANSPARENCY

35. In accordance with Section 24.1 of the Procedural Order No. 1 hearings shall be made available to the public.

36. In this regard, the Disputing Parties agree that a video recording of the Hearing shall be made. The video recording will then be made available to the public by streaming the recording on the ICSID website as soon as possible after the Hearing.

37. Before streaming the recording on the ICSID website and in order to avoid the disclosure of confidential or restricted access information, the recording will be edited after the Hearing in accordance with the following Confidentiality Protocol:

i. At any time during the Hearing, the Disputing Parties may request that a part of the Hearing be held in private and thus excluded from the recording. To this effect, a Disputing Party shall orally inform the Tribunal before topics are raised (or immediately as they begin to be raised) which could reasonably be expected to address confidential information.

ii. If the other Disputing Party has an objection to the request, it shall immediately alert the Tribunal, which shall hear the Disputing Parties and decide on the matter. The discussion between the Disputing Parties and the Tribunal shall be held privately and excluded from the recording;

iii. Resumption of the non-confidential part of the Hearing shall be orally requested by the same Disputing Party which made the confidentiality request or by the other Disputing Party, if it deems it necessary;

iv. The Tribunal shall rule on any dispute between the Disputing Parties in that respect;
v. In order to minimize the number of interruptions, the Disputing Parties are invited to organize the topics addressed during their oral statements so that those which involve confidential documents and information are grouped together, wherever possible;

vi. Exceptionally, either Disputing Party may request that a specific section of the Hearing be considered confidential and therefore excluded from the recording AFTER the allegedly confidential document or information has been discussed, addressed or shown by the Disputing Party (“ex-post confidentiality requests”). The Disputing Party making the ex-post confidentiality request shall be responsible for providing to the Tribunal, the Secretary of the Tribunal and the opposing Disputing Party the exact period of time which it seeks to be removed from the recording. If the opposing Disputing Party has an objection to such request, the Tribunal shall decide after Hearing both Disputing Parties. The timeframe for these requests shall be those in sections 16 and 17 of the Confidentiality Order.

vii. The Disputing Parties will provide their suggested edits to ICSID who will edit the recording and the transcripts accordingly and send them to Disputing Parties for their confirmation. The Tribunal will decide if there are any pending disagreements. ICSID will then publish the edited recordings on the Centre’s website.

38. ICSID will announce the Hearing on the Centre’s website three days before the Hearing, below is a draft of the public announcement:
